Patients who carry dental insurance understand that all dental services furnished are charged directly to the patient and that he or she is personally responsible for payment of all dental services. This office will help prepare the patient's insurance forms or assist in making collections from insurance companies and will credit any such collections to the patient's account. However, this dental office cannot render services on the assumption that our charges will be paid by an insurance company. In the event that the insurance pays to the patient (PPO or Preferred policies), payment in full is expected at time of treatment. Any charges under \$150.00 will be collected at time of services and patient will be responsible for collecting from the insurance company.

A service charge of 1.75% per month (21% per annum) on the unpaid balance will be charged on all accounts exceeding 30 days, unless previously written financial arrangements are satisfied.

If for any reason this account is turned over to a collection agency, I agree to pay all costs for collection, including a reasonable attorney fee.
